

NOTICE OF ROAD CLOSURE

The City of Payette is taking proactive measures to strengthen our infrastructure and improve our roads to help our neighbors travel safely throughout our community.

The Street Department will be resurfacing streets from 8AM to 5PM on the following days:

Monday, November 14, 2016:

North 6th Street from 3rd Ave North to 2nd Ave North

Tuesday, November 15, 2016:

North 5th Street from N. 10th Ave to end of road (dead end)

- ✓ During construction, please park off-street and pay close attention to parking notices. **All cars in the “No Parking” zone during construction time will be towed.**
- ✓ Keep children and pets away from the street during resurfacing. At times the pavement will be extremely hot.
- ✓ Please do NOT place any yard debris in the roadway for Fall Clean-up.
- ✓ The City will coordinate with trash companies, the post office and other agencies to minimize any disruption of services. You must have your trash at the curb the night before – the trash will **NOT** be picked up on these streets after 8:00AM!

During work hours, workers on site will coordinate traffic. Access to your street will be limited during the construction work. We will do our best to minimize any inconvenience while we perform work in your neighborhood. We ask for your assistance to ensure we can complete the work as quickly and efficiently as possible.

Thank you in advance for your cooperation and understanding while we improve the streets in this area.

NOTE: In the event that rain or other unforeseen delays, the work will be rescheduled as soon as possible.
