AGENDA STATEMENT

To: Honorable Mayor & Members of the Payette City Council
From: Mary Cordova, City Coordinator *[Signature]*
Date: 1/4/2008
Re: Resolution 08-04 Supporting Enhancement Project Submittal to ITD

BACKGROUND & JUSTIFICATION:

The Idaho Transportation Enhancement (TE) Program is a statewide competitive program that distributes federal funds to projects that strengthen the cultural, aesthetic, or environmental value of Idaho's surface transportation system. The eligible projects focus on improving the transportation experience in and through local communities.

The TE Program is not a grant. The City will have to pay the costs of the project and submit a reimbursement request to the Idaho Transportation Department. The program match rate is 7.34%. The match requirement is best met with cash, but, if necessary, in-kind contributions of land, materials, or services can be used for match but must be approved by in advance.

FISCAL IMPACT:

If the project is selected for funding by ITD, it will be placed on the Statewide Transportation Improvement Projects list. The City will then have to budget accordingly to complete the project. The estimated cash match by the City to complete the project is estimated at \$34,843.00.

RECOMMENDATION:

That the Council approve Resolution 08-04 in support of the Enhancement Project submittal to ITD.
