6:30 PM – Work Session

ROLL CALL

Members Present: Mayor Jeff Williams, Mark Heleker, Nancy Dale, Ray Wickersham, Craig Jensen, Jeff Sands
Members Absent: Lee Nelson
Staff Present: Tiffany Howell, Assistant City Clerk; Steve Castenada, Fire Chief; Bobbie Black, Deputy City Clerk; Chief Clark and Jake Hust, Water Supervisor

A. Kiwanis Building Update –

Councilor Wickersham stated that they had another structural engineer look at the building and he told them to not use the building at all. The gentleman did say that it did have potential and we could get some grants. We are trying to get the architect that was looking at the Christian Church and the old Courthouse to see what he thinks it would cost to preserve it. Structural wise the roof needs to come off and redone. Mayor Williams stated that our building inspector and the Fire Chief both stated the same thing. Councilor Jensen asked where they grants would come from. Councilor Wickersham stated that you don't have to go through the historical register. Councilor Wickersham stated that they are meeting with the architect tomorrow. Councilor Dale asked who the building belongs to. Councilor Wickersham stated that the Kiwanis Club owns the building. Councilor Wickersham stated that the guy they had come look at the building stated that it might be beneficial for the Kiwanis to give it to the City. Councilor Wickersham stated that the Kiwanis are being drained having to pay for all the utilities.

B. Swimming Pool Sewer Credit

Mayor Williams stated that he did not see minimum gallons in order to qualify for this sort of a credit, like 10,000 or 25,000. Councilor Dale stated that she thought there was a limit on the number of gallons to qualify for a sewer credit, she state that Councilor Wickersham had brought up the question of if it was worth the time of the guys to go out. If you look at the numbers that were given a sewer fee would be \$26.50 if we are looking at a 10,000 gallon pool, so is that adequate for what it would cost the staff to process paperwork and read the meter, or do we want to go to a flat fee. The suggestion I recall was if it was under 10,000 you would have to pay for it, but if it was over then a credit would be given. Councilor Sands stated that if we are going to have a pool credit why are we penalizing the guy who has a Walmart pool of 2,500 gallons and letting the person who has a \$200,000 diving board pool get the benefit of this, I don't know if that make sense. Councilor Dale stated that we need to figure in the cost of the guys going out there, do a flat fee, a minimum usage, what. Mayor Williams stated that he thinks that if we go out for every pool we are going to be spending \$15 to save someone \$10. Councilor Dale stated that the form they gave us last time it didn't make sense, so this is the corrected one. Mayor Williams stated to move this forward, on our agenda tonight it is just if we want to adopt this, or if we want to add a minimum gallon usage and that needs to be our thought process tonight when it becomes action time on our agenda. Councilor Wickersham asked Bobbie Black if we have very many of the small pool people coming in asking about a credit. Bobbie Black stated that your Water Supervisor is down there. Jake Hust stated that he has a few points. Jake stated that it is definitely not worth the man hours, if we have to go out and get a read and get one at the end of a property that is two trips to a property. If it is a 5,000 gallon pool and they do not start it at 8 o'clock in the morning, now you have an after hour call to read the meter. Councilor Sands

stated that you cannot fill a 5,000 gallon pool in a day, you just cannot do it. Jake stated he has a 5,000 gallon pool, and you are correct. So now, you take away the accuracy of your meter, so there is no point in reading the meter, and then when it comes to the weekends there is no point. Jake stated that another point is that you have a 3,000 gallon Walmart pool and the box says it is 3,000 gallons, the meter reader goes and it reflects 3,250 gallons the homeowner wants to know why. So now, the meter reader is left asking if you they took a shower, over filled the pool, did laundry, we don't know what you did. Then it becomes a point if the meter is accurate and the home owner is questioning you. Councilor Dale asked Jake if he had a solution in mind. Jake stated that in his opinion I don't like the pool credit at all. Councilor Dale asked even on the sewer side. Jake stated yes, if you are going to have a pool, how you tell the guy with a 5,000 gallon pool he can't get the credit, but the guy with the 10,000 gallon pool can. Jake stated that you cannot cost effectively go out two trips on each pool. Jake stated the other thing is that when the pool is full is the homeowner going to call and say that the pool is full, come read my meter. Look at how many people on a given day or week is going to call, I just don't like it and would not recommend it at all. Mayor Williams stated that for conversational purpose if we said the month of just anyone who has a pool we will give you a \$13.25 credit, then who is going to go out and check and how much is that going to cost. Jake stated that he thinks this is a can of worms and there is an endless bottom to it. Councilor Sands asked Councilor Dale if she had a 60,000 gallon pool. Councilor Dale stated that she has a 30,000 gallon pool. Councilor Sands asked Councilor Dale what the sewer bill was on that. Councilor Dale stated that she was just looking at that and it would be right around \$80 to pay the sewer side of it. Councilor Dale stated that I trust Jake and the girls are the on this and if they say it's not worth it and it's not fair, then that's where we are at. Jake stated that is his recommendation. Mayor Williams asked what we did in the past or did we give them a credit. Bobbie Black stated that we do not give them a credit, not for pool fills. Councilor Wickersham stated that he thought Nancy got one. Bobbie stated that she was not aware of this. Councilor Dale stated that a couple of years ago when they had to drain the pool and I had nothing to do with the City Council, we had to replace the liner and we had to completely drain the pool. All the water went into the yard and none of the water went down the sewer and I called down and told them what we were doing and asked if she could have a read done so she didn't have to pay for at least the sewer side and someone came out and read the meter and when the pool was full a couple of days later to read the meter. Bobbie stated that she was unaware of this. Bobbie asked Tiffany Howell if she was is of this and Tiffany stated no. Bobbie stated that a general rule is that we do not do that. Jake stated that this may have been a unique situation and this is not going to happen 50 times over a summer, it is a unique situation. As an overall, for the general public I see a nightmare. Councilor Dale stated that when she called down for a read, it was based on the history from the City of Vale. When people would call we would send the guys out and do a read and go back when it was done. You have a very good point about weekends and holidays, and that is a community of 2,400 compared to 8,000. Councilor Dale stated that she totally respects that and is not arguing that, but that is the history. Mayor Williams asked if this went in front of the Public Works Committee. Jake Hust stated that he was not sure; he was not at the last meeting. Bobbie stated that she did not know, but Tiffany is shaking her head yes. Tiffany Howell stated that yes this and the leak refund policy both went in front of the committee and they sent it onto the Council. Jake stated that he was not at that meeting, so he doesn't know what happened. Councilor Sands stated that the last meeting was in December. Councilor Wickersham stated that now we are saying it is too costly to do it, I am kind of leaning towards what Jake recommended since he is the one who has to take care of this, and that is what we hired him for. Councilor Dale stated that since you have a history, other than what I just told you, of handling this, then leave it. Bobbie Black stated that she has never given a pool credit and Tiffany is shaking her head the same, so Nancy is a very unique situation. Councilor Jensen stated that he thinks the idea was good of wanting to help the individuals save money and I don't know if there is a way to justify looking at the last years bill and if they had 3 times the sewer rate, they can say go into the clerk and we have the ability to adjust this. Tiffany Howell stated that the other thing that occurs during the summer months is we

tell people that just because they do not have irrigation at their home you still have to pay for water and sewer, so who's to say they are not watering with it, filling up the pool, so that is something else to think about. Councilor Sands stated that he fills his pool every two weeks cause it evaporates and the kids spill water out of it and he doesn't think his bill goes up even \$25, the month I fill it. Councilor Sands stated that he thinks if we are going to do it we should do it for everybody or nobody, that's just how I feel. Councilor Wickersham stated that "the everybody" costs us money because we cannot afford it. Councilor Dale stated that we are going to be looking at allowing sewer credits on water leaks and we need to look at for a justification. I don't want someone to come back say that we gave them a sewer credit on their water leak and not for my pool. Jake stated that the difference would be a water leak would be unintentional. Councilor Dale stated exactly, I'm just saying we need to have a defense. Jake stated that a swimming pool is for recreational. Councilor Dale stated correct. Councilor Jensen asked Nancy if the month that she does fill hers up it is an \$80 increase in your sewer. Councilor Dale stated yes. Councilor Dale stated that they do not drain the pool every year; it was just that year we had to replace the liner. Councilor Jensen stated that it was not a yearly thing. Councilor Dale stated no, we drop it down past our skimmer when we winterize it. Tiffany Howell stated that if you were to fill a 10,000 gallon pool the bill would be \$173.60 with absolutely no other water usage. Councilor Wickersham stated that is water and sewer. Ms. Howell stated yes, that is correct. Ms. Howell stated that of that \$173.60, \$96.20 would be sewer and \$77.40 would be water. Councilor Sands asked what 5,000 gallons would cost. Mayor Williams asked Ms. Howell if that would come out the same amount that is in our packet. Bobbie Black stated that the 5,000 gallon example is in the packet.

C. Leak Repair Refund Policy

Bobbie Black stated that currently if we can determine this was a leak and the water did not go down the sewer we make an adjustment to the sewer bill. Councilor Dale asked if the form we currently have is just following up to what we already have in place. Mrs. Black stated yes. Tiffany Howell stated that if the usage was determined that it was not a leak they are responsible for the water and sewer bill and you have until the following month to pay or you do get shut off for non-payment. Currently we have one exception to what our current policy is to not allow a payment plan and the customer was given 6 months to pay, and has to pay her normal bill plus \$100 each month by the 10th. If she fails to pay the bill by the 10th we will shut her off and she will then have to pay the bill in full plus a \$60 reconnection fee. Councilor Sands asked if this extension was given to the same lady who was yelling at us. Ms. Howell stated yes. Councilor Sands disagreed with giving her an extension. Mrs. Black stated that we just want to know what the council would like to see in this agreement, would you like us to give them a time limit, certain amount of time. Mayor Williams stated that staff will modify the form and bring it back as an agenda item at the next meeting.

D. Franchise Agreements

Bobbie Black stated that if we entered into a franchise agreement with Idaho Power for 1% we would get about \$50,000 a year off our tax bases which would save an annual fee of \$23.73 on an average tax bill. Keep in mind that on an average Idaho Power bill of \$80.00 you are going to be paying \$9.60 more each year. So when you are totally done it is an average yearly savings off \$14.13 off your taxes. Councilor Wickersham asked what Bobbie was basing that off of. Bobbie stated that she is unsure. Mayor Williams stated that keep in mind that you are doing a lot of tax shift from the property owner to the tenants. Bobbie stated correct, that everyone would be paying equally. Councilor Sands stated that is going to last until we do the budget again and we are going to keep the same levy rate, so it is gone. Councilor Jensen stated that he thought it would make a lot more of a difference, I really thought it would. Councilor Dale stated that she was chatting with Mike from Idaho Power and he said this has bit some cities. The City of Ontario

has a 7.5% franchise and Mike stated that he has chatted with several companies who have decided to go on the other side of the river, rather than pay the 7.5% franchise fee.

Councilor Dale asked Attorney Osborn if the council could discuss conditional use permits in residential zones. Bert stated that he didn't care as long as no decision was made.

E. Condition Use Permits and Non-Conforming Uses –

Mayor Williams stated that Councilor Dale would like to discuss the conditional use permit for residential use and some of the things in the Planning & Zoning minutes. Councilor Dale stated it was actually our minutes and on the last paragraph it states that the talk we were having about the storage containers and it says that we need to have a time frame and not allow in front of the properties, but we never gave them a time frame. Councilor Wickersham stated that I remember battling that around and if a complaint came up we would review it. Councilor Dale stated what if we didn't use a conditional use permit wasn't appropriate for this situation. What if we have the option of an extension? They are allowed 90 days and what if we gave them one extension and they would need to petition the city for it and completely remove the option of the conditional use permit. We are taking away from businesses that are in the storage business and also to Councilor Sands point that we are taking away from our tax base. I know we are going to have issue with the grandfather issues, but I think sometimes we just need to look at the extreme. We are constantly writing variances and maybe the rules aren't appropriate anymore and I always consider all options rather than adjust to each situation. Councilor Wickersham stated that if they do not look good or if they are not taking care of them, but if we find a piece of property and it fits what I want to do then why should not be able to put one on there. I don't know why we have so many rules, if it's appearance or devaluing property, and then I can understand why. Mayor Williams stated that it is devaluing the property because there is no tax base. Councilor Wickersham stated that is telling me that you want me to build something on my property to increase my tax value. Mayor Williams stated that there is no such thing as personal property tax anymore. Councilor Sands stated that I want to sell my house my house one day and I want the tax base to stay up, but I can also appreciate Ray's point and if it doesn't bother anyone. I think that is why it should be there, I don't think that Planning and Zoning should have the right to decide that issue because if I don't get notice that there is one because it's 301' from my property, it is still in my neighborhood and that is a touchy situation. I think the grandfather thing is an old cop out that I don't want to go give them a ticket, there is no such thing, we either do it or we don't. Mayor Williams stated that at this point we have an ordinance that says it's only 90 days and we need something to send to Planning & Zoning to say this is what we are suggesting, then it comes back to us and we can make changes. At that point we can make a suggestion that staff is allowed to administer this as long as there are no complaints. Now you said if it is not bothering someone, but that is only until your neighbor's property sells then it might be a problem. Councilor Dale stated that we are experiencing this in our neighborhood as well. We have someone interested in a property and the neighbor has two storage units on their property. Councilor Jensen stated that right now our code states they can put them in for 90 days and after 90 days you have to get a conditional use permit. Bobbie Black stated that the 90 days is for construction purposes only. The Planning & Zoning has extended these in the past to 1 year, 3 years, etc. Bobbie Black stated that right now if someone wants to put a storage container on their property for 2 years they can get a conditional use permit and the Planning & Zoning Commission can approve or deny it at that time. Councilor Dale asked Bobbie if on the form it asks for a certain time frame they would like the storage container or is it a fill in the blank type of form. Bobbie Black stated that on that form you explain to use what you want to conditional use for and there are no parameters on the form. That is why we do the public hearing process, so the neighbors have the right to come and either speaks for or against the issue. Councilor Wickersham stated that on the grandfather side of things, I know that Chet Boren has one on this property, but he was annexed, so how do you not allow him. Mayor

Williams stated that there is no definition of grandfather in any codes, as far as Chet's case goes; he was annexed so he is allowed to do so until the use changes. Mayor Williams stated that it is the same as the Belvoir's; they were annexed and had animals, now I would think they would be allowed to do so until the use changes. Tiffany Howell stated that you have to remember that the conditional use permits stay with the person not the property.

The work session ended at 7:00pm.

- E. Ordinance #1391 AN ORDINANCE OF THE CITY OF PAYETTE, IDAHO, AMENDING CHAPTER 8.28 OF THE PAYETTE MUNICIPAL CODE BY AMENDING SECTION 8.28.010 BY ADDING THE NAME OF THE IDAHO DEPARTMENT OF ENVIRONMENTAL QUALITY; ADDING A NEW SECTION 8.28.02 PERMIT REQUIRED; ADDING A NEW SECTION 8.28.030 BY ALLOWING AN AUTHORIZED AGENT TO INSPECT AN AREA WHERE BURNING MAY TAKE PLACE; AMENDING SECTION 8.28.040 BY DESIGNATING THE FIRE CHIEF OR A DESIGNEE IN PLACE OF THE MAYOR AND CITY COUNCIL; ADDING A NEW SECTION 8.28.050 WHICH ALLOWS FOR RECREATIONAL BURNING AND WHICH SETS LIMITS ON RECREATIONAL BURNING; AMENDING SECTION 8.28.060 WHICH ESTABLISHES A

PENALTY; SETTING AN EFFECTIVE DATE; ALLOWING PUBLICATION IN SUMMARY FORM; ESTABLISHING SEVERABILITY; ESTABLISHING A REPEALER; CREATING A PENALTY

A motion was made by Heleker and seconded by Jensen to introduce Ordinance 1391 by title only.

After a unanimous voice vote by the Council, the motion CARRIED.

Chief Castenada stated that he has been looking at this for the last two years. Currently we have a policy that we give a permit that is good for 5 days, this is not effective currently. I have been looking at extending this to a 90 day policy. The City has adopted the International Fire Code. Councilor Sands asked if Chief Castenada thinks people would call into dispatch during the 90 period. Chief Castenada stated that he cannot say for sure they would remember, but he has spoke with dispatch and they are calling in. Councilor Jensen asked if I had a 90 day permit and someone called and said there was smoke coming from my back yard, do you check to see if it is a fire. Chief Castenada stated that it is your responsibility to call in the fire. Mayor Williams stated that it was brought to his attention that on page 3 close to the bottom, page 2 needs a little bit more discussion. Bert Osborn stated that we need to have to have the screen to avoid embers from flying into your neighbor's wood pile. Councilor Sands asked if Chief Castenada is going to enforce this rule. Chief Castenada stated that he would only enforce it if he was called to the fire. Councilor Sands stated that he would like to see different wording regarding the coverage of the camp fires.

A motion was made by Sands and seconded by Dale to move Ordinance 1391 to its 2nd reading to change the responsibility of the permit holder.

After a unanimous voice vote by the Council, the motion CARRIED.

PAYETTE CITY COUNCIL
Work Session
March 5, 2015**

6:30 PM – Work Session

ROLL CALL

Members Present: Mayor Jeff Williams, Mark Heleker, Nancy Dale, Craig Jensen, Jeff Sands, Ray Wickersham, Lee Nelson

Members Absent: None.

Staff Present: Mary Cordova, Randy Schwartz, Jake Hust, Jamie Couch

NEW BUSINESS

A. Strategic Plan

The City Council was given a copy of a draft City of Payette Strategic Plan developed in 2008. The Council expressed interest that they would like to see the City's Strategic Plan updated.

B. Comprehensive Plan

The City Council was given a copy of the City's Comprehensive Plan, last updated in 2005. Cordova asked the Council to give serious consideration of updating the Comprehensive Plan in their planning of the FY16 Budget. Cordova informed the Council that the last update was approximately \$44,000. The Council reached a general consensus to review the Comprehensive Plan, and schedule a future meeting to discuss.

C. Downtown Revitalization

Councilor Dale shared with the Council the downtown revitalization efforts recently made by the City of Ontario through the Main Street USA Program. The Council also discussed the City's Downtown Façade Grant Program. After discussion, a general consensus of the Council was reached to participate in partnerships with local groups to assist with downtown revitalization efforts in Payette.

D. General Discussion

- Mayor informed the Council that the City needs to develop a written policy for Donation/Funding requests.
- Council agreed on a date for a special meeting to hear a variance request.

ADJOURN

The City Council adjourned the work session at 7:57 PM.

**MINUTES
PAYETTE CITY COUNCIL
Work Session & Regular Meeting
March 02, 2015**

6:45 PM – Work Session

1. Disposition of Old Chamber of Commerce Sign- Mayor Williams explained this discussion was about the Chamber Sign and Dillabugh's request to place a sign in that area. Ms. Cordova discussed the issue with Attorney Bert Osborn. There are challenges with selling the property, there is a possibility the City may need the triangle of land for water and sewer lines in the future. Mayor Williams felt it was not in the best interest of the City to sell the property then have to buy it back at a later date. He stated there is a sign site on Keith Clow's property leased by Lamar. It belonged to the City back in 2007 – 2008. Lamar has a ten year lease stipulating the City will not allow any new signs to be erected within two thousand feet of that sign. Dillabaugh's will be prohibited from placing a new sign on the property because of that. However, they may lease the existing sign, the Chamber sign. Councilor Wickersham asked about the property adjacent to the triangle owned by Campo's. Mayor Williams answered there would still be the off premise sign ordinance to contend with. Councilor Jensen stated in the mock lease agreement he and Mr. Osborn discussed, they had stipulated there be no modifications to the sign. Councilor Heleker asked if they would be able to put multiple messages on the board. Mr. Osborn felt there would not be enough room for multiple messages. Councilor Sands felt by allowing Dillabugh's to use the sign we would be asking for trouble. He has been by there several times recently to see for himself how visible their building is from the road. He feels if they lighted the sign on their building at night that would improve visibility, but other than that he felt it was easily seen from the road. Councilor Heleker would hate to give up the sign. The Mayor suggested a triangular or V-shaped sign on Dillabugh's property may be more noticeable from the road. Councilor Jensen agreed that may address the visibility issue and would be on their property. The Council agreed they do not wish to relinquish the sign at this time. Councilor Dale felt Dillabaugh's revisited this issue because of the change of that portion of Highway 95 into the City's control. Councilor Jensen will speak to Shari about the Council's decision.

7:00 PM – Regular Meeting

A regular meeting of the Payette City Council was called to order at 7:00 PM by Mayor Jeff Williams in the City Council Chambers of Payette City Hall, 700 Center Avenue.

ROLL CALL

SPECIAL ORDERS

- A. Proclamation -Girl Scouts – Mayor Williams made a proclamation declaring March 8 thru the 14th as Girl Scout Week in the City of Payette in honor of the Girls Scout's 103rd Anniversary.
- B. Proclamation – Fair Housing– Mayor Williams proclaimed April, 2015 Fair Housing Month.
- C. Proclamation – Idaho Day– Mayor Williams proclaimed March 4, 2015 as Idaho Day.

COMMUNICATIONS

- A. Kit Kamo – Economic Development Update – Kit Kamo is a Representative of Snake River Economic Development Alliance also known as SREDA. Their region includes three counties and two states; it allows our rural area to compete with larger cities for business recruitment. They are dedicated to diversifying our economy by attracting new investment and jobs by recruiting new companies and helping existing companies expand and grow. They also manage the Visitor's Center at mile post 1, and encourage organizations to bring their brochures out to share; many people want to know what there is to do here. Kit thanked the City of Payette Staff for their support and availability to meet with new companies. Without a City's early involvement, it is unlikely a company would bring business to town. Kit explained even though we do not have a high employment rate, we do have the population to support larger companies. Many of our residents work out of the area. There are several projects in the works. Project Darkness-a mushroom facility, was looking at our area. Weiser is currently looking into it. Councilor Dale mentioned she is a liaison for the City of Payette with SREDA and she feels Kit is an invaluable resource. If a company or developer approaches her she directs them to Kit for information. Kit stated she sometimes works with companies for two or more years. She says there is a lot in the pipeline for the future, Project 78 is looking to locate in Fruitland, the rails are in place, and however the new trucking regulations have increased the costs of transport to and from a rail way hub. If Union Pacific will stop here, a private company will fund a Trans load facility which would allow this project to go forward. Mayor Williams explained there is not a Trans load facility in Idaho, and feels it would be great if we could have one here in our County. Kit said if they could make the numbers work it could provide about 700 jobs.

PLANNING & ZONING

No items were heard.

AGENDA ITEMS

A. Resolution #2015-02 – Transfer of Durapatcher

A motion was made by Heleker and seconded by Sands to approve Resolution 2015-02, ratifying the Agreement to transfer the Durapatch Machine to Payette County upon receipt of \$35,000.00.

After a unanimous voice vote by the Council, the motion CARRIED.

B. Special Event Permit – Azteca League – Martin Michael approached the Council with the request for a Special Event Permit to use the Highway 95 Soccer field from April through September, on Sundays, when one of the two Payette league teams is playing. They have done so in the past without incident and wish to do so this year as well. Councilor Jensen questioned if granted the permit, would the league provide the city with their insurance Certificate of Liability. Mr. Michael said yes, they would bring it in April.

A motion was made by Heleker and seconded by Dale to approve the Special Event Permit to the Azteca League to use the Gateway park soccer field on Hwy 95, on Sundays, April thru September upon the contingency they pay the \$100.00 Special Event fee and provide the City with a Certificate of Liability Insurance in April prior to starting.

After a unanimous voice vote by the Council, the motion CARRIED.

C. Donation Request – American Legion - Boy & Girl State– Dan Greig, Randy Taylor and Courtney Coleman stepped forward to request a donation from the Council to assist with funding Payette Boys& GirlsState participants. The American Legion and American Legion Auxiliary support the Boys and Girls State. Mr. Greig explained that the Boys& Girls State programraises up wonderful young people for our communities. It is \$400.00 per boy, \$350 per girl for the kids to attend. Miss Coleman explained to the Council that Boys & Girls State educates young people in government procedures, from the City level to State level. Mr. Greig stated the Council generously provided funds for a boy and a girl to attend last year, and is hopeful they may do so again. Councilor Dale asked if the kids provide any of the funding themselves. Mr. Greig explained the American Legion asks that the students pay \$25.00, but they try to raise enough through donations tofully fund the students so that no one is turned away if they cannot participate financially. Ms. Dale commented that the Council has had several large requests this year and would like to discuss this and provide an answer at the next Council meeting.

A motion was made by Dale and seconded by Jensen to postpone the decision on the donation request for the Boys & Girls State to the next regular meeting of the Council.

After a unanimous voice vote by the Council, the motion CARRIED.

D. Donation Request – New Plymouth Elementary

A motion was made by Sands and seconded by Dale to deny the donation request for the New Plymouth Elementary.

After a unanimous voice vote by the Council, the motion CARRIED.

- E. Donation Request – Alma Mater, Inc. – Dan Fleisher explained the donation request of ten pool passes is for their Apple Jam Fundraiser Dinner. The funds raised are used for downtown Fruitland beautification. Councilor Dale asked if Alma Mater, Inc. had approached Fruitland City Council for a donation. Mr. Fleisher said that Fruitland would be donating a skiff of gravel. Councilor Dale explained that our taxpayers fund the pool maintenance. She is not sure it is fair to them to pay for other towns to use our facility. Mr. Fleisher understood. Councilor Dale asked if it would be possible for the Fruitland Council to pay half. Mr. Fleisher said he would relay the message himself. He felt it would benefit Payette by bringing awareness to Fruitland residents that Payette has a pool. The Council decided to postpone a decision until next meeting.

A motion was made by Dale and seconded by Wickersham to postpone the donation request for Alma Mater, Inc. to the next regular meeting of the Council.

After a unanimous voice vote the motion CARRIED.

- F. Water Leak Policy--Councilor Dale explained the only change to the policy is the time frame. The Council had given recommendation of a six month time frame and the form had a twelve month period of time to pay for high usage bill. Councilor Jensen confirmed the Council had made a recommendation of six months. Councilor Dale stated it was for a bill four times higher than normal. Councilor Jensen asked if only the sewer would be adjusted. Ms. Cordova said yes.

A motion was made by Dale and Seconded by Wickersham to approve the Water Leak Refund Policy as the form is written.

After a unanimous voice by the Council vote the motion CARRIED.

- G. Ordinance #1391- AN ORDINANCE OF THE CITY OF PAYETTE, IDAHO, AMENDING CHAPTER 8.28 OF THE PAYETTE MUNICIPAL CODE BY AMENDING SECTION 8.28.010 BY ADDING THE NAME OF THE IDAHO DEPARTMENT OF ENVIRONMENTAL QUALITY; ADDING A NEW SECTION 8.28.02 PERMIT REQUIRED; ADDING A NEW SECTION 8.28.030 RIGHT OF ENTRY AND INSPECTION; AMENDING SECTION 8.28.040 BY DESIGNATING THE FIRE CHIEF OR A DESIGNEE IN PLACE OF THE MAYOR AND CITY COUNCIL; ADDING A NEW SECTION 8.28.050 WHICH ALLOWS FOR RECREATIONAL BURNING REGULATIONS AND WHICH SETS LIMITS ON RECREATIONAL BURNING; AMENDING SECTION 8.28.060 WHICH ESTABLISHES A PENALTY; SETTING AN EFFECTIVE DATE; ALLOWING PUBLICATION IN SUMMARY FORM; ESTABLISHING SEVERABILITY; ESTABLISHING A REPEALER; CREATING A PENALTY – 2ndReading

A motion was made by Heleker and seconded by Sands to introduce Ordinance 1391 by title only.

Bert Osborn read Ordinance #1391 by title. Councilor Wickersham stated he was leaning in favor of the ordinance. He spoke with Fire Chief Steve Castenada; he believes it will save time and effort for the Fire Department and City Staff.

A motion was made by Heleker and seconded by Wickersham to suspend the rules and pass Ordinance 1391 on the second reading.

A motion was made by Heleker and seconded by Wickersham that Ordinance 1391 do pass.

At the roll call:

Ayes: Heleker, Sands, Dale, Jensen, Wickersham.

Nays:

The motion CARRIED.

DEPARTMENTAL REPORTS

MAYORS COMMENTS

Mayor Williams stated the Councilor Jensen, Councilor Dale and he attended the Economic Development Breakfast where they heard a great speaker. Jensen stated the topic discussed was the good publicity results in downtown Ontario. The downtown reorganization program has led to more expansion, less vacancy, and more growth. Councilor Dale stated she has been attending to hear the views on the Main Street USA National Heritage and how they are helping Ontario. She stated they have been focusing on Oregon Street, addressing empty buildings and window repairs. It doesn't need to be an overwhelming task, smaller ideas are feasible. She stated Jerry Miller would be our resource for Idaho. She feels we should monitor Ontario's progress and possibly plan to improve our downtown area. Mayor Williams feels we have a start with our Downtown Facade Grant and the Flower pots, he is sure there are still things we could do, but it shows the Council has been proactive.

This led to discussion of the Comprehensive Plan, the Street Strategic Plan and the Downtown Revitalization. Mayor Williams suggested meeting to put together a road map. He thought perhaps a work session prior to Council meetings may be too limited of time and suggested meeting at a different time. After discussing the many possibilities the Council settled on March 5, 2015 at 6:30 PM.

Ms. Cordova brought to the Council's attention a "Thumbs Up" in the Argus Observer for the generous donation of labor and materials Burke's Electric donated to install an outlet in the women's dressing room at the Payette Pool for the high/low changing table for disabled students.

CITIZEN'S COMMENTS

Liz Amason said she had met with Casey Clark-Nye, Executive director of Four Rivers Healthy Communities, is working with HTC and told her they needed a new project, a substantial project. They planned to meet Tuesday, March 3, 2015 at the Library from 6:00 PM to 7:00 PM. After hearing about Main Street USA, she feels perhaps they may be able to help the City with that. She reported the sign at the High School is ready to be installed. The weather had delayed the

installation. Alan Massey and Chuck Dodson are trying to get that done this week. Councilor Heleker asked if the fence would need to be moved prior or after the installation. It was decided to move the fence soon after the sign was installed.

Councilor Wickersham reported on the Kiwanis building. He is glad to hear people talking about down town improvements and work at the Miracle Field. The Kiwanis have been a big part of Payette's development and because of that, he would like to keep them involved with the building in Kiwanis Park. He feels the work can be done if taken a step at a time. He also wanted to mention the Boys & Girls Club meeting on March 5, 2015.

ADJOURNMENT

A motion was made by Helekerand seconded by Sands to adjourn the regular meeting at 8:12 PM.

After a unanimous voice vote by the Council, the motion CARRIED.

2015 Arbor Day Proclamation

Whereas, In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, the holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and

Whereas, trees can reduce the erosion of our precious topsoil by wind and water, lower our heating and cooling costs, moderate the temperature, clean the air, produce oxygen and provide habitat for wildlife, and

Whereas, trees are a renewable resource giving up paper, wood for our homes, fuel for our fires and countless other wood products, and

Whereas, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

Whereas, trees, wherever they are planted, are a source of joy and spiritual renewal.

NOW, THEREFORE, I Jeffrey Williams, Mayor of the City of Payette do hereby proclaim

April 27th, 2015 as Arbor Day in the City of Payette

and I urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, I urge all citizens to plant and care for trees to gladden the heart and promote the well-being of this and future generations.

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I write to congratulate Payette on earning recognition as a 2014 Tree City USA. Residents of Payette ought to be proud to live in a community that makes the planting and care of trees a priority.

Your community joins more than 3,400 Tree City USAs, with a combined population of 140 million. The Tree City USA program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and the National Association of State Foresters.

As a result of your commitment to effective urban forest management, you already know that trees are vital to the public infrastructure of cities and towns throughout the country, providing numerous environmental, social and economic benefits. In fact, trees are the one piece of community infrastructure that actually increases in value over time.

We hope you are excited to share this accomplishment. Enclosed in this packet is a press release for your convenience as you prepare to contact local media and the public.

State foresters are responsible for the presentation of the Tree City USA flag and other materials. We will forward information about your awards to your state forester's office to coordinate presentation. It would be especially appropriate to make the Tree City USA award a part of your community's Arbor Day ceremony.

Again, we celebrate your commitment to the people and trees of Payette and thank you for helping to create a healthier planet for all of us.

Best Regards,

OLD BUSINESS: None

NEW BUSINESS:

- A. Pool Update: Ms. Smith reported they had two Life Guard re-certifications. The guards were from Weiser and brought in a little extra money at \$75.00 each. There will be a Life guard Class during spring break, in which the Friday class will be held in Payette Council Chambers. She said a fifteen year old may apply for training but the Red Cross prohibits them from going above the second step of the guard stand. Guards who wish to teach lessons in levels 3-6 must be WSI Certified. Ms. Smith stated classes are really booking up. Schools are beginning to call to schedule the pool for end of year swim parties. She mentioned the "Thumbs UP" in the paper regarding the donation made by Burke's Electric for the installation of the outlet that allowed use of the changing table. The Inspector was in and checked it all out and everything is fine. She said the pool has received positive feed- back about the fact that we provide the high/low changing table for the disabled kids. Ms. Smith wanted to let all know she is selling raffle tickets for Special Olympics. The tickets are \$10.00 each, the drawing is in June and you can win a 2015 Toyota Corolla donated by Hometown Motors. Special Olympicsis sponsoring a polar plunge at Walmart on March 14th.
- B. Parks Update: Randy Fales report the Parks Department has been trimming trees and cleaning flower beds, getting the parks ready for spring. Randy Fales stated he, Katrina and Jack would be attending a Pool Operator's class. The certification has to be renewed every two years. Mr. Franklin stated he and Mr. Loveland had been discussing a project to clean up the area around the pond on the Greenway. Mr. Fales said they would needto contact Tim Sheldon with Idaho Wildlife, Fish & Game, they regulated the pond. Mr. Loveland said a path around the pond would be almost a mile. Mr. Jensen feels if the path was cleared it would probably get enough traffic from people fishing to keep it down. Mr. Loveland had discussed using inmate labor to clear the path with Chief Clark. He thought perhaps they could recycle the gravel from the street sweeper to fill the path with. Mr. Fales said they would not be able to use the gravel from the street, it is considered contaminated. Randy Fales stated the Parks Department had been given another small parcel of land to keep up on Hwy 52, where the Welcome to Payette sign is located. The Council and Mayor Williams would like to keep the entrances to the City up. We often forget about Hwy 52. Mr. Loveland asked about the fencing along the rail way park area. Mr. Fales said that he had been mistaken about that, it was not needed prior to installing the playground equipment. Ms. Bruce asked if we had the plans for the equipment. Mr. Fales said yes, but the plans have the places where the post are numbered but the post themselves are not. Ms. Bruce asked if the equipment is ADA compliant. Mr. Fales said the playground equipment company did give the city the two pieces to make the equipment compliant. Ms. Smith suggested contacting Home Depot for volunteers to put the equipment together. Mr. Jensen thought perhaps this project would be a great Eagle Scout project. Mr. Fales thought it would likely be a project for several

Scouts. Ms. Bruce suggested the project be broken down into phases and offered to two or three scouts. Mr. Jensen and Ms. Bruce will meet later to discuss further.

C. Bike Pump Track Update – Ms. Bruce said weather had been a factor in the parks progress and they need to move the dirt piles to the center of the park. She is hopeful the Street Department will be able to move the dirt for them. People have been calling to help, The Middle School and High School are making announcements for volunteers, she has volunteers ready to spread it and form the berms.
