## STAFF REPORT

**P&Z Public Hearing Date:** March 26, 2015

**Applicants Name:** Brandy Taylor

**Describe Request:** Applicant is requesting a VARIANCE to the street frontage requirements

**Property Zoned:** A-Residential

**Address:** 1839 1<sup>st</sup> Avenue South

**Property Size:** 5568.75 sq. ft.

**Access:** 1<sup>st</sup> Avenue South

**Structures:** Residential

**Comp Plan:** A-Residential

**Surrounding Uses:** Residential

**Variance Definition:** "Variance" provides a device which grants a property owner relief from certain provisions of this title when, because of the particular physical surroundings, shape, or topographical condition of the property, compliance would result in an undue hardship upon the owner as distinguished from mere inconvenience.

\*\*\* Payette City Code 17.78.010 says that the applicant must demonstrate the following:

The city council shall consider variances to the terms of this title which will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this title will result in undue hardship upon a landowner and under such conditions that the spirit of this title shall be observed and substantial justice done. A variance shall not be considered a right or special privilege, but may be granted to an applicant only upon showing of undue hardship because of the characteristics of the site. In acting upon a variance request, the city council shall make full investigation and shall only grant a variance upon finding that the following are true:

- A. That the granting of the variance will not be in conflict with the spirit and intent of the comprehensive plan for the city, and will not effect a change in zoning.
- B. That there are exceptional or extraordinary circumstances or conditions, applicable to the property involved, or the intended use thereof, which do not apply generally to the property or class of use in the district, so that a denial of the relief sought will result in:
  1. Undue loss in value of the property.
  2. Inability to preserve the property rights of the owner.
  3. The prevention of reasonable enjoyment of any property right of the owner.

C. The granting of such relief will not be materially detrimental to the public health, safety or welfare, or injurious to the property or improvements of other property owners or the quiet enjoyment of such property improvements.

D. That the reason for a variance was not caused by the owners, or previous owner's actions. (Ord. 1204, 2002)

**17.24.040: AREA AND LOCATION REQUIREMENTS:**

G. Minimum lot size shall be eight thousand (8,000) square feet unless it is a corner lot, which shall be a minimum of ten thousand (10,000) square feet. (Ord. 1271 § 1, 2006; Ord. 1204, 2002; Ord. 971 § 8, 1987; Ord. 887, 1978; Ord. 847, 1976; prior code § 11-6-1(B))

D. A lot shall have at least seventy five feet (75') of frontage onto a public street unless it is a corner lot, which shall have at least eighty five feet (85') of frontage onto a public street.

**17.12.010: BUILDINGS AND LAND; USE OR CONSTRUCTION; CONFORMITY REQUIRED GENERALLY:** 

No building, structure or premises shall be used or occupied, and no building or part thereof or other structure shall be erected, raised, moved, placed, reconstructed, extended, enlarged or altered except in conformity with the regulations in this title specified for the district, as shown on the official map, in which it is located. (Ord. 1204, 2002; prior code § 11-2-3(A)(1))

**Staff Comments:**

Should the Commission vote to recommend approval of the requested variance, staff recommends that the following conditions be imposed

1. Lot line adjustment to be completed.
2. All State, Local, and Federal regulations shall be met.

### Nature of Request

Describe the nature of the Variance requested I have two houses on a property that is 142.5 ft. I would like to have each house on its own lot. Both will have the 8' necessary between lots BUT one will NOT have the required 75' frontage

Existing use of the property Residence

**17.78.010 Variances – Permissible When:** The City Council shall consider variances to the terms of this Title which will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this Title will result in undue hardship upon a landowner and under such conditions that the spirit of this Title shall be observed and substantial justice done. A variance shall not be considered a right or special privilege, but may be granted to an applicant only upon showing of undue hardship because of the characteristics of the site. In acting upon a variance request, the City Council shall make full investigation and shall only grant a variance upon finding that the following are true:

A. That the granting of the variance will not be in conflict with the spirit and intent of the comprehensive plan for the City, and will not affect a change in zoning.

B. That there are exceptional or extraordinary circumstances or conditions, applicable to the property involved, or the intended use thereof, which do not apply generally to the property or class of use in the district, so that a denial of the relief sought will result in:

1. Undue loss in value of the property.
2. Inability to preserve the property right of the owner.
3. The prevention of reasonable enjoyment of any property right of the owner.

C. the granting of such relief will not be materially detrimental to the public health, safety or welfare, or injurious to the property or improvements of other property owners or the quiet enjoyment of such property improvements.

D. That the reason for a variance was not caused by the owners or previous owner's actions.  
(Ordinance 1204, 2002)

Narrative statement indicating why the requested variance conforms to the guidelines set forth in the Zoning Ordinance THE VARIANCE REQUEST ALLOWS THE PROPERTIES TO

BE SEPARATE BOTH WILL POSSESS 8' FT CLEARANCE TO THE NEW  
PROPERTY LINE. GRANTING THE ADJUSTMENT DOES NOT MAKE AN ESSENTIAL  
CHANGE TO THE PLAN FOR THE CITY (BOTH HOUSES ARE OVER 50 YRS OLD)  
AND IN ITS CURRENT STATE DEVALUE BOTH PROPERTIES. BOTH PROPERTIES  
HAVE EXISTED PRIOR TO CURRENT EXISTING ORDINANCES.

A variance requires an applicant to show two particular aspects before the variance is considered.

1. Describe the unique site characteristic (which is natural) showing reason for request \_\_\_\_\_

THE EXISTING STRUCTURES CROSS CURRENT PLOTS. THIS VARIANCE WILL  
ALLOW THE LOTS TO BE RESIZED TO PROVIDE EACH CLEAR PROPERTY LINE.

2. If unique site exists show how request granted is not contrary to public interest outline in the comprehensive plan and zoning ordinance THIS CHANGE IS NOT ONLY NOT CONTRARY

BUT IN THE PUBLICS INTEREST TO CLEARLY DEFINE PROPERTY  
BONARIES FOR <sup>POTENTIAL</sup> LEGAL DISPUTES AND RIGHT OF WAYS.

## Requests for Granting a Variance

The following conditions must be fulfilled before a variance can be considered by the Planning & Zoning Commission. Showing that a variance is profitable or desirable for the owner and no harm will be done to others is not sufficient.

Below each requirement explain why your request conforms:

1. Show how granting of variance will not affect a change in zoning \_\_\_\_\_

The VARIANCE ALLOWS BOTH PROPERTIES THEIR OWN PROPERTY  
PLOTS TO CLEARLY DEFINE PROPERTY BOUNDARIES IT WILL  
NOT SIGNIFICANTLY CHANGE ZONING OR OTHER ORDINANCES  
COMPLIANCE

2. Explain any exceptional or extraordinary circumstances or condition applicable to the property involved, or the intended use thereof, which do not apply, generally to the property of use in zoning district. So that if the request is denied it will result in undue loss in value, inability to preserve property rights BOTH PROPERTIES WILL REMAIN RESIDENTIAL

CURRENT CONDITIONS DO NOT ALLOW SEPARATE OWNERS. AS  
A RESULT BOTH PROPERTIES SUFFER A LARGE DEVALUATION. NOT  
APPROVING THE VARIANCE WILL COST A SIGNIFICANT COST TO  
OWNERS.

3. Indicate the alleged hardship. Has the hardship been created by the action of the property owner or the applicant? (i.e. applicant did not reduce size of the lot by prior sale) \_\_\_\_\_

THE HARDSHIP WAS CAUSED BY PREVIOUS OWNERS WHEN THEY  
BUILT OVER EXISTING LOT LINES PRIOR TO CURRENT ZONING.

4. Approval of the variance will not be in conflict with the interest of the neighborhood or public interest in general. (Health, safety or welfare) APPROVAL WILL ENHANCE THE

INTERESTS OF THE NEIGHBORS AS IT WILL INCREASE PROPERTY  
VALUES OF RESIDENCES. AND THUS THE NEIGHBORS VALUES.

PAYETTE CITY COUNCIL

April 06, 2015**

**6:33 PM – Public Hearing**

**ROLL CALL**

Members Present: Mayor Jeff Williams, Mark Heleker, Ray Wickersham, Craig Jensen, Jeff Sands and Lee Nelson  
Members Absent: Nancy Dale was excused  
Staff Present: Mary Cordova, City Administrator; Doug Argo, City Engineer, Mark Clark; Police Chief and Tiffany Howell; Assistant City Clerk

**A. Residential Use in Commercial Zones**

Cordova stated that she believes we need to work on this still. We have been struggling back and forth with residential use in a commercial zone and how to allow it. We have went through several meetings with P&Z, and debated back and forth and I don't think we are quite there yet, even though we are having a public hearing. Cordova continued that we need to allow residential use in certain zones, and if that residential use has been there regardless of how long it has been there, it should be allowed to continue. She suggested that we may not want to do this in the downtown zone, because most of those uses are in conjunction with commercial uses and we would like to make sure the safety is there for the combination of uses. We often use Bobbie Black's house as an example; it has been there since the 1930's, and has always been residential use. If the sale of the property occurs, our current code states there must be conditional use permit issued, which is the whole reason we are looking at changing this.

Councilor Jensen stated that this is kind of what we were looking at doing. If someone would like to buy it and keep it a residential use then why do they need to come in and get a permit? I can understand our concerns about people who own property downtown; that is a different exposure then just a single family dwelling.

Councilor Heleker commented that the safety factor is what sparked his interest. What if the use of the commercial use around the residential structure has changed? What if there is some danger factor that now exists? Maybe it would be necessary in certain zones that we keep this the same. Councilor Wickersham added that he doesn't mind having to make them get a permit, he does not like the idea of charging them for each time they come in to get a permit.

Mayor Williams stated that because he gets into a lot of these houses, the homes on both sides of HWY 95 from Arctic Circle down to the track on Center, should we just say if it's a residence we can just keep it the same? Is that any different from Mandarin Restaurant to A&W. Councilor Wickersham stated that he doesn't understand why we would charge them for something that is house and will be a house. Mayor Williams continued that do we as a city feel that there should be any other things for conditional use permits for those two areas?

Councilor Heleker stressed that from the safety standpoint, backing out of issuing CUP's really concerns him. Councilor Nelson stated that the commercial zone is 300' from 95, correct? Cordova

stated yes. Councilor Nelson asked if it was the same 300' by Mandarin. Cordova replied no. Councilor Sands pointed out that if Mr. Nelson was to sell his house, the new person needs to come in and get a permit. If he wanted to buy a house for his own personal use, he does not like the idea of this body telling me him he may not be able to keep it as a residence. Sands did not believe that is good business. Councilor Heleker agreed with Councilor Sands, but felt that the safety issue needs to be addressed or restrictions set for that area, and at the same time did not want to be a tough town to deal with.

Mayor Williams observed that a real reason exists to do this for certain properties, for instance the upstairs properties downtown, and there are some really big safety issues down there. However, there are certain areas in town that don't make sense as to why we require a CUP. Councilor Jensen stated that this issue got brought up to make it easier for the citizens and that is why we are addressing this. He asked Mayor Williams that as a realtor, does he have to disclose if a house has to have a conditional use permit? Mayor Williams stated yes. Councilor Jensen stated that he would just assume not be involved in it, just let them have it.

Councilor Heleker stated that he is still concerned with the safety issue. In his place of employment there are rules and safety is something that comes first. We always factor safety in and that is what makes it difficult for him and it is going to make things difficult for people, but if we know there is a safety factor, then are we being negligent in our duties? Councilor Jensen asked Mayor Williams if they have to disclose this at the time of the sale. Mayor Williams stated yes. Councilor Wickersham remarked that he understands that point, but there are several houses that people have to back out and be blinded by that. He does not like the aspect of charging people for the CUP. Mayor Williams asked Cordova if we went in the direction she was looking. Cordova stated yes. Attorney Osborn stated that we will continue the public hearing to April 20<sup>th</sup> at 6:30pm.

The public hearing closed at 6:54pm.

**COMMUNICATIONS:** None

**AGENDA ITEMS:**

1. Fuel at Airport: The Commission was given updated reports on fuel for March. Mr. Koeppen reported we have 1530 gallons of av-gas and 475 gallons of mo-gas on hand. We just received 1502 gallons of av-gas. He stated we will lower the price of av-gas to \$5.20 on March 26<sup>th</sup>.
2. Runway Extension & Airport Master Plan – T-O Engineers: Kevin Bissell addressed the Commission. He handed preliminary plans and cost estimates for the runway extension. Option 1 deletes the parallel taxiway and option 3 is with the taxiway, but no asphalt. Discussed the need for a 36" culvert and thought it could be smaller. Mr. Bissell stated that we don't have to haul in dirt, just have to move it. Peterson asked about the Gray property and it was stated there is an aviation easement in place. Bill Statham addressed the Commission. He stated that this is a multi-grant project, and dates back a number of years. In 2013 the City received a \$125,000 grant which was for grading and in 2015 received another \$125,000 grant which was anticipated for paving. He stated with TO Engineers, we are getting a good looks at the costs. This year the budget is down and he elected to make a decision for the City to receive an additional \$200,000 grant. This project was started and they are not going to pull out now. He does need an application for the additional \$200,000 that he will take to the aeronautic board for approval and then to the transportation board for approval. If we have more expense than anticipated he might be able to get more. We can bid earth work on taxiway as an alternate. Peterson suggested that the Airport Commission should meet with the County Commissioners to see what they can help us with. Statham commented from his stand point of the State, they encourage that kind of work. Bissell stated the hydro seeding might not be necessary. FAA looks at the storm system on a 10 year flood plan. The Commission asked if any studies had been done on that and was stated no. The Commission asked if T-O Engineers would be able to attend a meeting with the county and he stated yes.  
The draft Master Plan was handed out to the Commission. They thanked Statham for funding this project. The Commission asked to review this until next meeting and have input then. Statham stated that they requested specifically from the legislative program that only small airports that are not FAA funded we allowed. This master plan will let us see where we are headed for the future.
