Walking Tour Brochure: The Commission discussed how the brochures will be distributed and decided that if you get 20 brochures to sell you pay for them upfront, then it is that business's choice to charge the dollar or give them away. Ann Curtis will write a letter to the editor regarding brochures are available. Discussed the flyers that will be laminated for each advertised business that wants them in their business.

GENERAL DISCUSSION

The Commission discussed that the next project we will be working on is the downtown business inventory that is already started. The Mayor asked this group what they would like to do: Promote the history of Payette and ultimately create some revenue. Ms. Curtis stated that the ultimate goal is to be a historic city. The walking tour is geared for people that live out of the area and the inventory would be used by local citizens or ones that used to live here. The Commission discussed possibly a spiral book form for the downtown inventory. Also discussed the cover sheet and what will be the name of this project. Ms. Curtis will bring something to the next meeting for review.

Ann Curtis informed the group that the Highway 52/52 projects next step is to take inventory and write bigger articles. They will be taking a bus trip to the designated sites for signage and turnout possibilities. Discussion followed about a kiosk with our walking tour brochure on Highway 52 near downtown.
