Section 2D.49 Weigh Station Signing (D8 Series)

Support:

01 The general concept for Weigh Station signing is similar to Rest Area signing (see Section 2I.05) because in both cases traffic using either area remains within the right-of-way.

Standard:

02 The standard installation for Weigh Station signing shall include three basic signs:

- A. Advance sign (D8-1),
- B. Exit Direction sign (D8-2), and
- C. Exit Gore sign (D8-3).

Support:

03 Example locations of these signs are shown in Figure 2D-17.

Option:

04 Where State law requires a regulatory sign (R13-1) in advance of the Weigh Station, a fourth sign (see Section 2B.60) may be located following the Advance sign.

Guidance:

05 *The Exit Direction sign (D8-2) or the Advance sign (D8-1) should display, either within the sign border or on a supplemental plaque or sign panel, the changeable message OPEN or CLOSED.*

Section 2D.50 Community Wayfinding Signs

Support:

01 Community wayfinding guide signs are part of a coordinated and continuous system of signs that direct tourists and other road users to key civic, cultural, visitor, and recreational attractions and other destinations within a city or a local urbanized or downtown area.

02 Community wayfinding guide signs are a type of destination guide sign for conventional roads with a common color and/or identification enhancement marker for destinations within an overall wayfinding guide sign plan for an area.

03 Figures 2D-18 through 2D-20 illustrate various examples of the design and application of community wayfinding guide signs.

Standard:

04 The use of community wayfinding guide signs shall be limited to conventional roads. Community wayfinding guide signs shall not be installed on freeway or expressway mainlines or ramps. Direction to community wayfinding destinations from a freeway or expressway shall be limited to the use of a Supplemental Guide sign (see Section 2E.35) on the mainline and a Destination sign (see Section 2D.37) on the ramp to direct road users to the area or areas within which community wayfinding guide signs are used. The individual wayfinding destinations shall not be displayed on the Supplemental Guide and Destination signs except where the destinations are in accordance with the State or agency policy on Supplemental Guide signs.

05 Community wayfinding guide signs shall not be used to provide direction to primary destinations or highway routes or streets. Destination or other guide signs shall be used for this purpose as described elsewhere in this Chapter and shall have priority over any community wayfinding sign in placement, prominence, and conspicuity.

06 Because regulatory, warning, and other guide signs have a higher priority, community wayfinding guide signs shall not be installed where adequate spacing cannot be provided between the community wayfinding guide sign and other higher priority signs. Community wayfinding guide signs shall not be installed in a position where they would obscure the road users' view of other traffic control devices.

07 Community wayfinding guide signs shall not be mounted overhead. ✂

Guidance:

08 *If used, a community wayfinding guide sign system should be established on a local municipal or equivalent jurisdictional level or for an urbanized area of adjoining municipalities or equivalent that form an identifiable geographic entity that is conducive to a cohesive and continuous system of signs. Community wayfinding guide signs should not be used on a regional or statewide basis where infrequent or sparse placement does not contribute to a continuous or coordinated system of signing that is readily identifiable as such to the road user. In such cases, Destination or other guide signs detailed in this Chapter should be used to direct road users to an identifiable area in which the type of eligible destination described in Paragraph 1 is located.*

CITY OF PAYETTE

ADMINISTRATIVE POLICY

SUBJECT:	Payette Utility Assistance Program	EFFECTIVE DATE:	
APPROVED by CITY COUNCIL:		REVISION DATE:	Not Applicable

PURPOSE:

To establish guidelines and policy regarding Payette utility customers in need of emergency help to pay their water and sewer portion of their utility bill. The customer would still be responsible for any garbage, cart, late fee or turn on fee. This program will not assist with this portion of the customer's utility bill. The program provides an opportunity for our citizens to make a voluntary donation to help defray utility costs for those customers. The City of Payette and the Western Idaho Community Action Partnership (WICAP) work together to administer the program.

Who does it help?

Those who have a long-term or emergency medical condition where termination of utility services would worsen the condition or threaten loss of life. Those who have experienced an unexpected loss of financial support due to medical conditions or circumstances beyond their control. Those who need the assistance to get through an emergency situation. The request for help needs to be at least 10 days before the bill is due.

POLICY:

Add any amount to your monthly utility bill payment. Any amount, large or small, will be accepted. Contributions will only be accepted if the "amount due" on your billing statement is paid in full.

Assistance is limited to one payment per customer per year. Recipients will be evaluated based on need through WICAP. The total number assisted will be limited by the amount of funds available through contributions. Application for funds may be made by contacting WICAP at 208-642-4436

The City reserves the right to revoke and/or suspend this program at any time.

PAYETTE CITY COUNCIL
Work Session & Regular Meeting
July 18, 2016**

5:30 PM – Work Session

A work session of the Payette City Council was called to order at 5:32 PM by Mayor Jeff Williams in the City Council Chambers of Payette City Hall, 700 Center Avenue.

ROLL CALL

Members Present: Mayor Williams, Lee Nelson, Ray Wickersham, Nancy Dale, Kathy Dodson, Alan Massey and Craig Jensen.

Members Absent: None

Staff Present: Doug Argo; City Engineer, Steve Castenada; Fire Chief, Erin Haley; Library Director, Mary Cordova; City Clerk, and Denise Rueschhoff; Administrative Assistant.

AGENDA ITEMS

- A. Budget 2016-2017—Mayor Williams stated that the budget report handed out is as of Friday afternoon. We are now at ten and one-half months of our twelve months. There are no wage increases shown in this report. The health savings account may be out of whack and it may be cheaper to reevaluate the insurance costs. The Mayor stated that the ages of enrollees dictate the cost and we are all aging. Cordova stated that we are trying to evaluate all areas but we have not gotten the materials back that are needed for the decision process. Wickersham asked if people over the 65 age could opt out and that might save some money. Dodson stated that she did not think that was the case. Mayor Williams would like to go through and hit the highlights of the budget report. He stated that City Council members may be allocated into other categories and that is why some insurance figures seem different from previous years. The line item for Legislative travel and meetings added \$1,200.00 for youth, SREDA, economic development, the banners, etc. Grants will show a different number due to the HUD house. The Mayor discussed the May Trucking Grant and what it would be worth to the City of Payette. This has to do with the culvert and flooding. Administrative salaries show an increase of about \$70,000 due to an Economic Development position added. Dodson and Massey asked if it would be an employee or contract position. Dodson wants to make the position a contract position then it would not be subject to benefits. Administrative shows a new vehicle. Questions came up regarding whether an Administration car is needed. Cordova stated that the vehicle line has been in the budget for several years. It would actually be for all departments to use in the same manner that the previous vehicle had been utilized. Dale asked where this budget falls in with where actual may be. Cordova stated that this is not a balanced budget so it does not compare. Dale asked Cordova to educate the Council on fore gone funds. Cordova stated that it has been talked about by the State Legislature for several years to do away with these funds. A public hearing would need to be held in order to use the funds. Budgets can only be amended for any new funds received, but not just for any given reason. Fore-gone money are funds that been taken or not taken by choice. If taken, it effects the levy rate. It also changes future years. Nelson stated that it is almost a philosophy difference. Cordova stated that it is the Council's decision to decide what kind of service will be provided to the citizen's within the budget process. Mayor Williams asked if Council wanted him to continue with the highlights. Massey said yes. Mayor Williams stated that Chief Clark has a couple of new items that he would like to implement, such as

spike-strips for each car (11 cars) in the amount of \$4940. Four vehicles currently do not have long rifles installed in the vehicle. Only one car is listed for capital out-lay. A new engine is needed for one vehicle. Massey asked if an inventory listing could be provided by Clark showing mileage, age, condition, etc. Impact fees will cover a portion of the needed firearms. Dale asked about the lower salaries. Cordova stated that there are a couple of new hires not in the budget and we have had older employees retire. Dale asked if the ordinance officer is overworked due to the dog circumstances. Dodson feels that the weed issue is only enforced if complaints are made. A citizen expressed concern over code enforcement such as the weeds, junk cars, trash cans left out after pick up day, etc. Dodson asked about FICA on fire protection. Cordova and Castenada related items regarding this question. Mayor Williams stated that the City of Payette has 593 acres of wild land within the City. We currently do not have a City-owned brush truck only the Rural Department owns brush trucks. The Mayor asked Castenada if we need one of our own. Castenada stated that the cost reflected represents putting the truck together by our Fire Department. Dale asked about the rural truck being housed in the City Fire building. Castenada stated that the fire department building is actually part Rural and part City and not just City. He feels it is better to have our own equipment rather than call for back-up from surrounding departments. Cordova stated that impact fees would help defray the expense. Castenada reiterated that City equipment responds to City fires and Payette Rural equipment responds to rural fires. If back-up is needed, it comes from another equitable department like Ontario City or Weiser Rural Fire Departments. Dodson asked about the dog-park. What would be attained for \$10,000.00. The Forestry projects is a line item asked for by the Forestry Commission. Dale voiced questions about unencumbered funds versus contingency funds. Jensen asked about the matching funds process. He felt it would help to know where the money is coming from for the expenditure. Dodson asked about the capital out lay for a street sweeper and stripers. Cordova stated that the funds will come from the trade-in value and the unencumbered funds. Dale asked how the pool was going to be rescued. Dale stated that there are funds in capital outlay for improvements. Dale asked where money has been put aside in past years for improvements to the pool. Cordova stated that the 2014-2015 budget was the last time it was budgeted for. We have not been saving at all in years past for this specific purpose. Dale asked about the current budget and if there is money for problems that we currently are experiencing in buildings. Massey asked about capital outlay on the current year and are we putting more into next year. Cordova stated that if money is not spent, then it will stay. The need is to build up funds for improvements and capital outlay. Capital improvements have their own unencumbered funds. Dodson asked about the airport expenses and capital outlay. Cordova outlined the fuel expenses at the airport. She stated that we have not had to put tax dollars into the airport for several years because the fuel sales have sustained it.

CITIZENS COMMENTS

Juanita Ryneerson, 2245 NE 19th Avenue, Payette, addressed the Council regarding the changes to the hours of the pool operation. The Mayor asked Ms. Ryneerson if their organization, Friends of the Payette Pool, would help market our pool to get more applicants for lifeguard positions. The Mayor has asked the pool staff to provide a listing of patrons that have paid for pool passes and they can be contacted to extend their pool pass time frame. Ms. Ryneerson wanted to know when the hours would change back. The Mayor said that we will reopen when enough guards are in place to take care of the number of patrons. Dale stated that she also would like to have answers of better pool management. The Mayor restated that the hours will change when the lifeguards are in place. Cordova stated that the problem lies with staffing not funding. Dale asked about the legalities of having the Friends of the Payette Pool staff the front counter area to free-up the guards to oversee the pool itself. Currently we only have 8-9 guards.

Sherry Schuster, 10237 Payette Heights Road, Payette, addressed the Council regarding the cost of the pool passes and swim lessons. She runs a day-care and has utilized the pool for many years with the children during the summertime. She feels that she and the parents of her children feel "robbed" by the higher cost of the passes and lack of time to use the pool on their own time frame. Ms. Schuster stated that swim lessons have been cut back to nothing and we have rivers nearby that are tempting to these children. The Mayor will be talking to staff and we are hoping for an answer by Wednesday.

Ann Fitch Schiemer, 1176 Locust Way, Ontario, Oregon addressed the Council. She actually has managed a pool for several years and had an interview with the Mayor and other City staff last week for the manager's position. She had many suggestions regarding changes that could be made to the management and daily functions of the pool.

Candita Strong, 500 14th Avenue North, Payette, addressed the Council regarding the lack of her being able to take advantage of the swim lesson program for her daughter.

Jean Hurd, 10675 North Iowa Avenue, Payette, addressed the Council regarding the pool hours.

Lyna Kittelmann, 401 Farber Drive, Payette, addressed the Council regarding the change of hours of the pool.

Nancy Dale, Council Member, addressed the Council. She stated that the Mayor sat at the meeting of the Boy's and Girl's Club and she knows that he supports the children of our community. She sees that there are solutions being offered to correct the pool problems such as recent interviews for the pool manager's position. She wants to urge the Mayor to take these solutions. The Mayor hopes to make decisions that will put our pool back into operation.

Section 1. Section 6.08.010 of Title 6, Chapter 6.08 of the Payette Municipal Code is hereby amended to add new definitions “DNA Testing”, “DNA Test Evidence”, “Prohibited Breed”, “Prohibited Breed Service Animal” and amend the definitions of “Handler”, “Secure Pen or Enclosure”, “Secure Temporary Enclosure”, “Vicious Dog” and repealing “Vicious Dog Service Animal” to read as follows:

6.08.010: DEFINITIONS:

DNA (deoxyribonucleic acid) is the genetic blueprint that contains most of the genetic instructions for every canine’s body makeup (height, weight, size, etc.).

DNA TESTING: means a genetic analysis to identify key single-nucleotide polymorphisms marker locations (genetic markers) that may detect the breed, type and variety of a dog and may show the ancestral breed composition of a particular dog.

DNA TEST EVIDENCE: An owner may, at the owner’s expense, submit a DNA sample of a dog to a veterinarian or other professional to test for the genetic history of a dog. Such test should look for the genetic markers for the following breeds: pit bull dog, Canary dog, Dogo Argentina, American bulldog, Cane Corso, or wolf hybrid. In order to be considered a prohibited breed, the DNA testing must demonstrate a genetic blueprint containing any element of the prohibited breed. The DNA test results shall constitute evidence which the court may consider in establishing that a dog is other than a breed banned by this section. DNA testing results shall override any subjective evidence including observational findings to the contrary. If an owner indicates to a judge that a DNA test will be performed, the court may issue appropriate orders as to the release of the dog with any additional conditions that the court believes will minimize any danger to the community during the pendency of the testing and obtaining the results.

HANDLER: ~~For purposes of this chapter,~~ means an individual with a disability who is utilizing a prohibited breed service dog, as that term is defined in this chapter, to do work or perform tasks

directly related to the individual's disability. If over the age of ~~twenty-one (21)~~ eighteen, the handler must also be the owner of the service dog. If under the age of ~~twenty-one (21)~~ eighteen the handler's legal guardian must be the owner of the service dog.

PROHIBITED BREED: prohibited breed shall mean any dog that is a pit bull dog, Canary dog, Dogo Argentina, American bulldog, Cane Corso, or wolf hybrid, or any dog which has sufficient characteristics so as to be identifiable as partially of the breed of a pit bull dog, Canary dog, Dogo Argentina, American bulldog, Cane Corso, or wolf hybrid as determined by dog owner or by qualified animal control officer, zoologist or veterinarian. It shall be prima facie evidence that a dog is a prohibited breed if a qualified veterinarian, zoologist, or animal control officer makes or provides a sworn statement that a particular dog exhibits distinguishing physical characteristics of a pit bull dog, Canary dog, Dogo Argentina, American bulldog, Cane Corso or wolf hybrid.

PROHIBITED BREED SERVICE ANIMAL: as any dog that meets the definition of a "prohibited breed", and which also qualifies as a service animal in accord with American Disabilities Act requirements.

SECURE PEN OR ENCLOSURE: ~~For the purposes of this chapter, shall mean~~ a six (6) sided structure designed to prevent entry of a child or escape of a vicious dog or prohibited breed service animal. 4. ~~Vicious Dog Prohibited Breeds:~~ Any "vicious dog" prohibited breed, as defined ~~in subsection A3 of the definition of "vicious dog"~~ in section 6.08.010 of this chapter, is hereby declared to be a public nuisance, which represents a threat to the health, safety and welfare of the public in all areas of the city, due to the inherent breed characteristics of exceptional aggression, athleticism, strength, viciousness, unpredictability and tenaciousness, such that dogs have the ability to rapidly and unpredictably inflict significant damage upon their victims.
5. Sanitary Conditions: Every person who shall keep, maintain or harbor a dog shall maintain his premises, including, but not limited to, dog pens or runs, in a clean and sanitary condition so that they shall not be offensive, a harborage for vermin, or a health hazard.

A vicious dog license tag will be issued to the owner at the time of issuance of the license. Such license tag, along with the current rabies tag, shall be attached to the vicious dog by means of a secure collar or harness, and shall not be attached to any vicious dog other than the vicious dog for which the license was issued. If the vicious dog tag is lost or destroyed, a duplicate tag may be issued upon the payment of a fee as stated in this chapter. The owner must be at least twenty one (21) years of age as of the license issuance date.

HG. The owner shall present to the chief of police proof that the owner has procured liability insurance with an insurer authorized to write liability insurance in the state of Idaho providing

coverage in each occurrence in the amount of at least one million dollars (\$1,000,000.00) covering any damage or injury that may be caused by a vicious dog during the twelve (12) month period covered by the vicious dog license. This policy shall include the city of Payette as an additional insured, with minimum limits of coverage of one million dollars (\$1,000,000.00), and shall have the effect of saving harmless and defending the city of Payette and its officers, agents and employees from all suits, claims, demands or actions at law or in equity arising directly or indirectly as the result of injury to persons or damage to property occasioned by the maintenance of the vicious dog by the owner. The policy shall contain a provision requiring the insurance company to provide written notice to the chief of police not less than fifteen (15) days prior to any cancellation, termination, or expiration of the policy.

- H.** The owner shall, at the owner's own expense, have the vicious dog spayed or neutered, and shall present to the chief of police documentary proof from a licensed veterinarian that this sterilization procedure has been performed.

Vicious dogs bearing identification tattoos are not exempt from the microchip provision. The chief of police shall maintain a file containing the microchip ID numbers and names of the vicious dogs and names and addresses of the owners. The owner shall immediately notify the chief of police of any change of address.

- K.** At all times when a vicious dog is at the property of the owner, the owner shall keep the vicious dog "confined", as that term is defined in section [6.08.010](#) of this chapter. At all times when a vicious dog is away from the property of the owner, the owner shall keep the vicious dog either securely leashed and muzzled or in a "secure temporary enclosure", as that term is defined in section [6.08.010](#) of this chapter.

- K.** The owner shall not sell or otherwise transfer the vicious dog to any person except a member of the owner's immediate family who will then become the owner and will be subject to all of the provisions of this section. The owner shall notify the chief of police within five (5) days in the event that the vicious dog is lost, stolen, dies, or has a litter. In the event of a litter, the owner must deliver the puppies to the Payette animal shelter for destruction, or permanently remove the puppies from Payette and provide sufficient evidence of such removal, by the time the puppies are weaned, but in no event shall the owner be allowed to keep in Payette a vicious dog puppy born after the date of publication of the ordinance codified herein that is more than eight (8) weeks old. Any vicious dog puppies kept contrary to the provisions of this subsection are subject to immediate impoundment and disposal pursuant to this chapter.

- ~~3. A person may temporarily transport into and hold in the city a vicious dog only for the purpose of showing such vicious dog in a place of public exhibition, contest or show sponsored by the American Kennel Club or United Kennel Club. However, prior to any showing, the sponsor of the exhibition, contest, or show must receive written permission from the chief of police, must obtain any other permits or licenses required by city ordinance, and must provide protective measures adequate to prevent vicious dogs from escaping or injuring the public. The person who transports and holds a vicious dog for showing shall, at all times when the vicious dog is being transported within the city to and from the place of exhibition, contest, or show, keep the vicious dog confined in a "secure temporary enclosure" as defined in section 6.08.010 of this chapter.~~
- ~~4. Except as provided in this subsection N, the owner of a vicious dog may temporarily transport through the city a vicious dog only if such owner has obtained a valid transport permit from the chief of police. Upon request, the chief of police shall issue such permits only upon a showing by the owner that the vicious dog is being transported either from a point outside the city or to a destination outside the city. At all times when the vicious dog is being transported within the city, it must be kept confined in a "secure temporary enclosure" as defined in section 6.08.010 of this chapter. In all cases, before issuing a transport permit, the chief of police must find that the transport would not constitute an unnecessary or undue danger to the public health, welfare or safety, and shall not issue the permit if he cannot so find. All transport permits issued shall only be valid for the time, date and vicious dog specified on the permit, and shall not be construed to permit any activity otherwise prohibited.~~

As a condition of issuance of a vicious dog license, the owner shall at the time of application comply with or otherwise provide sufficient evidence that the owner is in compliance with all of the regulations in this section.
- ~~6. An owner of any "vicious dog" as defined in subsection A3 of the definition of "vicious dog" in section 6.08.010 of this chapter used as a service animal within the city of Payette shall apply for a vicious dog service animal license from the city clerk's office. The license tag shall be attached to the vicious dog service animal by means of a collar or harness which must be worn by the animal at all times. Extension style leashes may not be used. Leashes may not be attached to inanimate objects. In the event the handler, because of a disability, is not able to use a leash equal to or less than four feet (4') in length, or in the event the use of a muzzle or a leash no longer than four feet (4') in length would interfere with the service animal's safe, effective performance of work or tasks, the service animal must remain under the handler's complete control at all times when away from the owner's property, the manner of control to be fully described to the code enforcement and animal control officer at the time of licensing. This regulation and the means for controlling the vicious dog may be modified for service animals by the chief of police or designee as determined necessary and reasonable. Any such modification of the means of control set forth herein shall be memorialized in the licensing documentation upon issuance of said license.~~

~~c. The owner shall immediately notify the animal control division in the event that the vicious dog is loose, stolen, at large, unconfined, has mauled, bitten, attacked, threatened, or in any way menaced another animal or human, or has died.~~

~~d. No person applying for a vicious dog service animal license shall be granted a breeder's permit for such vicious dog service animal.~~

~~e. Failure to comply with any of these conditions shall result in a revocation of the license, impoundment and disposition pursuant to the following:~~

~~(1) Impoundment: The ordinance officer or designee is authorized to immediately impound any vicious dog service animal found within the city limits which does not qualify for the exception stated within this section, subject to all of the procedures and processes set forth in this subsection N6. If the dog is found not to be a pit bull as a result of DNA testing, evidence obtained at the owner's option and sole expense, or if the dog is determined to be a service animal, the dog shall be released to the owner, subject to full compliance with every requirement of this chapter. Notwithstanding a finding that the dog is not a vicious dog or a finding that the dog is a service animal, a dog may be impounded and the owner/handler may be held responsible for violations of this section or any other applicable state or local law.~~
