OLD BUSINESS

- A. Downtown Business Inventory: The Commission discussed how sellable the inventory pages are going to be, how interested will the average person be. The purpose of this Commission is to gather historical information and preserve it. Discussed placing the inventory electronically on the City's website to get the most exposure. Mayor Williams stated he has talked to Tiffany Howell regarding this and will see how best to proceed from here. Discussed adding history on each building and also putting old and new pictures of the buildings. In the future, depending on expense, possibly putting QRU codes on each building to be used with a smart phone that the person could pull up the history on the building. The Commission needs to decide if what we have now could be a finished product and start making available to people.

NEW BUSINESS

Discussion of creation of City Motto: Mayor Williams stated that this was something the Chamber of Commerce was going to complete and bring to City Council.
