MINUTES
PAYETTE CITY COUNCIL
Work Session & Regular Meeting
September 19, 2016

5:30 PM – Work Session

A work session of the Payette City Council was called to order at 5:30 PM by Mayor Jeff Williams in the City Council Chambers of Payette City Hall, 700 Center Avenue.

ROLL CALL

Members Present: Mayor Williams, Lee Nelson, Nancy Dale, Kathy Dodson, Alan Massey and Craig Jensen.

Members Absent: Ray Wickersham

Staff Present: Mary Cordova; Randy Schwartz, WWTP Supervisor; Bobbie Black, Deputy City Clerk

AGENDA ITEMS

- A. Impact Fee Update Recommendation: Ann Westcott, Galena Consulting, addressed the Council. Impact fees are fees that are paid by new development to support infrastructure. In 2009 fees were calculated for various departments at that time, then the economy took a turn. The Council only decided to adopt Fire and Police Impact fees. The fee calculations need to be updated every 5 years. They are only designed for what is impacted by growth. Those funds have to be used within 8 years of being collected. (See attached presentation) Jensen asked about the surrounding communities she compared with, Ms. Westcott stated she only compared cities that have Impact fees. Dodson asked if we currently have an impound lot. Ms. Westcott stated if you are not planning to have growth, don't collect impact fees. There are a lot of different ways to use the money as long as it is growth related. Mayor stated he thought the Impact Advisory Committee is in tune to what residents have already paid and the proposed impact fees were very reasonable. Jensen stated that new property owners pay taxes, so they already pay Impact fees through paying taxes. Nelson stated the new subdivisions that are being developed are bringing more work for Police and Fire, and that is growth related. Jensen believes since the moratorium was put in place to promote growth in the City. Mayor talked about franchise fees being added. Mayor stated that the question the Council will have to decide if they want growth to pay their share. Jensen said we have nuisance fees and have worked to have all those fees eliminated. Massey stated that impact fees covers base access to the services and property taxes pays for ongoing services. The new owner already has the services available when he builds the home and impact fees are to maintain services. Jensen feels the increased taxes that are going to be collected pay for what the impact fees would be. Ms. Westcott stated the funds already collected would be very hard to give back to developers; she stated she would advise to have a public hearing. It would at least be two months out before coming back to Council. If Council doesn't want to proceed with impact fees it would be nice to know tonight.
- B. Strategic Plan 2016: Ann Westcott, Galena Consulting, addressed the Council. Her presentation is on a draft Strategic Plan that the Council will need to adopt at some point. She stated if we want to communicate to the public then we should. This is a living document and it should be addressed frequently at council meetings. Mayor asked how we combine Strategic Plan and comprehensive plan, and Ms. Westcott stated the feedback from the survey gave direction to Council for the future. The Strategic Plan is a three to five-year document and would make the consultants on the Comprehensive Plan very happy, as it will help with the economic development chapter. Dale stated she would like to see quarterly reviews on Strategic Plan once goal dates have been met. Ms. Westcott stated the one piece of advice she would give on

communications is you don't have to get permission to do it. Massey asked about combining some of the focus areas as he doesn't know why you can't have one plan on two topics. Westcott explained it constantly needs to be amended and updated. Jensen asked about the communication team lead by Dale, this is to protect Dale and says something as to what the Council is doing. Ms. Westcott suggested to come up with a template for communicating with the public and ask when ready to bring forward to the citizens. Dale stated a way to simplify the taking of minutes at a meeting and having them available sooner. Ms. Westcott stated possibly doing bullet points on the website that is what citizens are really interested in. Your citizens will get more involved when everyone can see themselves in the story and can equally tell the story. Massey asked about having a meeting with a focus group and Ms. Westcott stated the survey turned out so well, she did not see a need for it. Jensen stated the citizens gave us the direction to move forward. Dale stated our website does show the results of the survey.

DRAFT

What Are Impact Fees?

Fees paid by new development projects as a condition of permit approval to support infrastructure needed to serve the proposed development.

Fees are calculated to cover a proportionate share of the capital cost for that infrastructure.

Cannot be used to cure deficiencies, or pay for operating expenses.

Three Types of Capital Spending

Not all capital costs are associated with growth:

1. **Repair** and **replacement** of facilities (i.e., standard periodic investment in existing facilities such as replacing a leaky fire station roof). These costs *are not* impact fee eligible;
2. **Betterment** of facilities, or implementation of new services (e.g., development of a fire training center for the first time). These costs *are generally not entirely* impact fee eligible; and
3. **Expansion** of facilities to accommodate new development (e.g., construction and equipping of new fire stations in growth areas). These costs *are* impact fee eligible.

**Numerator: what you need to build or buy
to support future growth**

CITY OF PAYETTE

Reduction of Service for Snake River Transit

Dear Mayor Williams and City Council,

Treasure Valley Transit, Inc. requested \$17,000 from the City of Payette to meet the match requirements for Snake River Transit - Idaho. This was a \$2,000 increase for the service as there has not been an increase since the service began in 2008. The City of Payette decreased their portion of the local match share for FY16 by 33% which was a decrease from \$15,000 annually to \$10,000. At the City Council meeting on June 20th I respectfully requested that the funding for the service be restored with the modest increase.

The Snake River Transit Bus Service was designed to be supported equally by Payette County, the City of Fruitland and the City of Payette. The City of Payette has received a larger share of the route due to serving a larger geographic area. This has not been an issue for Payette County or the City of Fruitland until the reduction in local match occurred. Payette County and the City of Fruitland each contribute \$17,000 annually for the current service.

Treasure Valley Transit, Inc. will be implementing a decrease in service for the City of Payette portion of the route to bring it in line with the funding that has been allocated. In order for this reduction to occur TVT staff will be holding public meetings with the local community to determine the best option for the least amount of impact on the community.

Judi Watkins, TVT Board Secretary and I are available to attend a City Council Meeting to update you on the reduction of service for the City of Payette and the timelines that will be involved.

Sincerely,

Terri Lindenberg

PUBLIC HEARINGS

- A. An application by Kathy Maclean for a Conditional Use Permit to have a 20' x 20' metal carport at the property located at 723 North 11th St. Lot 5 Less SW 15', BLK 1 Payette Hughes. The property is zoned C-2 Commercial.

Kathy Maclean, 723 North 11th Street Payette addressed the Commission. She stated that she wants to get a 20' x 20' metal carport to hold 2 of her cars, back behind her house. The side driveway isn't wide enough on setbacks so that is why she is wanting to put it in the back. One car will be sitting majority of the time and the other is to keep her current vehicle out of the weather. Mr. Franklin asked why she needed a permit. Ms. Maclean stated due to the size of it being over 399 square feet. She also stated she had visited with our City building inspector, to make sure everything was ok on that end as well. Mr. Bradshaw asked if it is higher than 12 feet. Ms. Maclean stated it is exactly 12 feet.

- B. An application by Don Crownover for a Conditional Use Permit to have a 20' x 24' Tuff Shed at the property located at 1839 1st Ave So. Payette Heights TAX 152 IN BLK 1 SEC 34-9-5. The property is zoned A-Residential.

Don Crownover, 1839 1st Ave South addressed the Commission. He stated he wants a 20'x 24" Tuff shed from Home Depot in the back of his property. He wants it to store his personal belongings. Mr. Franklin asked if it meets the setback requirements. Mr. Crownover stated yes it does. Mr. Franklin asked Mr. Crownover if he plans to have plumbing to the shed. Mr. Crownover stated yes, he is wanting to have a bathroom in the shed. Mr. Franklin asked about power, will it have that as well. Mr. Crownover stated yes, he will install that himself. Mr. Choate asked if this will ever be used for residential purpose. Mr. Crownover stated no. It will not have any heat to the building other than a small heater he will place in there in the winter to prevent pipes breaking. Br. Bradshaw asked if it is higher than 12 feet at the peak. Mr. Crownover stated from the plans it doesn't look that way.

- C. An application by Amanda Spurling for a Conditional Use Permit to have home occupation at the property located at 475 Manser Dr. Continental Village #2 LT 2 BLK 2 SEC 34-9-5 The property is zoned A- Residential.

Amanda Spurling, 475 Manser Drive addressed the Commission. She stated she wanting to have an in home business selling the brand name LaLaRoe clothing. This business is 95% based online, but storage of the clothing is at your personal home. A requirement of the business is to obtain any permits required through the City in order to operate. This business will not have a sign on the home nor set hours. That is not allowed. Ms. Spurling is just wanting to store her clothing and have staged set ups in her garage, so if a customer is wanting to try a piece of clothing on it isn't in her home where her children are. There will not be a steady volume of traffic other than if she holds a party, much like a pampered chef. There would be at most 10 people at these parties maybe once or twice a month at most. Mr. Franklin asked Ms. Spurling if she did hold a party, is there enough parking. Ms. Spurling stated there are several spots in front of her house, and she has spoken with the neighbors and none see a problem with it.

- D. An application by Jodee Howell for a Conditional Use Permit to have a childcare center for the property located at 335 So. 16th St. AM. Payette Land & IMP. LOT 2. The property is zoned Commercial.

Jodee Howell, 515 Perry Drive addressed the Commission. She stated she is wanting to open a childcare center. The State license that Ms. Howell has applied for is 26+ children. The location that she is wanting to have her daycare was previously a childcare facility so it is all set up. Mr. Franklin asked how many children do you expect to have there at a time. Ms. Howell stated that the capacity for the building is 35 people, that includes staff. Ms. Howell stated that if she has an average of 5

employees then she can have no more than 30 children. There is also a State law of a ratio of workers to the number of children. Mr. Franklin asked if it fenced in. Ms. Howell stated yes. Ms. Childers asked if the building is owned or rented. Ms. Howell stated she is renting the building from the owners of the Hideaway Grill.

- E. An application by Cody Freeman for a Conditional Use Permit to have a four-foot chain link fence within 25 feet of property line at the property located at 540 So Iowa. Lots 53 & 54 Terrace Sub. The property is zoned A- Residential

Cody Freeman, 540 South Iowa Payette addressed the Commission. He stated he is wanting to have a 4-foot chain link fence in his side yard off of Terrace Drive. The fence will start in line with the garage and go out 10 feet then back towards the next door neighbors fence. This fence will be only 10 feet of Terrace, but will be 25 feet back from Iowa. The stop sign won't be effected nor will the sight triangle or utility access.

Robert Coates, 2290 Terrace Drive Payette addressed the Commission. He just wanted some clarification on where the fence was going to be. He was in favor of the fence and commends the new owners on cleaning the place up.

- F. An application by Chad Bennett for a Conditional Use Permit to have a storage container not to exceed one year for the property located at 2036 1st Ave So. Debord Add LT 2 BLK 1 SEC 34-9-5. The property is zoned A- Residential

Applicant was not in attendance to speak on his behalf.

Chuck Kinney, 2026 1st Ave South Payette, addressed the Commission. He stated that the picture on the PowerPoint doesn't show the storage container in the front driveway. He believes that it devalues the surrounding properties and upsets the neighborhood. He is not in favor. Mr. Kinney stated he has signatures of the surrounding neighbors not in favor. He gave that to the Planning & Zoning administrative staff to add to the record. Mr. Bradshaw asked Mr. Kinney if even for a year or period of time, he would not be in favor of having this storage container. Mr. Kinney stated no. He has read the City code and it is only allowed for construction purposes not for personal storage.

Payette City Planning & Zoning

1130 3rd Ave N Payette ID 83661

Payette Idaho, 83661

We are against the issuance of a conditional use permit to allow a storage container at 2036 1st Ave S., or any neighborhood, in the City of Payette . We believe this de-values property. This is not against our neighbors, but we believe this to be a disruption to the neighborhood and would set a precedent for the City of Payette.

Thank You,

Ms. Kinney stated this isn't against them, just doesn't need to be in the neighborhood. She is not in favor.

SIDEWALK CAFÉ & OUTDOOR DINING DESIGN GUIDELINES

Introduction

The City of Payette recognizes the importance of outdoor dining to the vitality and success of our Downtown (C-1) Zone. These design guidelines are in place to promote the health, safety and welfare of our residents, businesses and visitors. All sidewalk cafes and outdoor dining facilities are subject to the City of Payette Ordinances, all applicable Building Codes, Fire Codes, Americans with Disabilities Act, and the State of Idaho Liquor regulations.

Purpose

These guidelines provide standards for outdoor dining areas throughout the Downtown Zone (C-1 Zone) with special attention to those dining areas in high visibility areas within the public right-of-way. Central to the process of allowing outdoor dining areas is the necessity of ensuring furniture and other items placed along the street positively contribute to the historic character of Downtown Payette.

The guidelines apply to all sidewalk cafes and outdoor dining facilities approved by the City of Payette. Failure to comply with these requirements constitutes a violation of Payette City Code.

Definitions

1. **Limit Line:** Area approved by the City of Payette to be occupied for an outdoor seating/dining/event use. Such area may be on sidewalks, where sidewalks are wide enough to accommodate the requested use plus space required for the pedestrian zone. Such pedestrian zone shall comply with the ANSI standards for accessibility, but in no case be less than five (5) feet in width. Areas located within on-street parking stalls shall in no case take up more than twelve (12) feet of the length of such stalls.

2. **Fence Line or Perimeter Fence:** A fence enclosing an outdoor seating/dining/event area, which may be on or within the limit line.

Other Regulations

City of Payette and the State of Idaho have adopted regulations that may apply to outdoor dining areas and seating areas. These may include, but may not be limited to:

- Alcoholic Beverages
- Sidewalk Café and Outdoor Dining
- Noise Regulations
- City Ordinances
- Sign Regulations
- State of Idaho Alcoholic Beverages (Title 23)

References are made to some of these regulations in these standards are for information purposes only. References are in italics. Not all regulations are referenced.

Business owners should consult City of Payette and the State of Idaho regarding regulations, permitting and license requirements. For the purpose of these standards, where these standards are more restrictive than the State of Idaho, these standards shall prevail.

Placement of Fences and Furnishings

✓ Placement of Fences

The distance from any fence used to enclose a café or outdoor seating area, which fence is parallel to the building face, shall not exceed the limit line unless otherwise specified.

✓ Placement of Furnishings/Accessories

All furnishings/accessories except certain umbrella shades, awning or canopy extensions and planters shall be placed within the perimeter fence surrounding the outdoor dining/seating/event area, if a fence is required/provided, or within the limit line if no fence is required or provided. The furnishings include but are not limited to benches, chairs, tables, umbrella bases, awnings and canopies, planters, trash receptacles, and all other accessories or equipment.

Umbrella stands and any umbrella shade that is less than six (6) feet, eight (8) inches in height at its lowest point from the walking surface shall be located inside the perimeter fence and the limit line. If an umbrella shade is at least six (6) feet, eight (8) inches in height at its lowest point from the walking surface, then the umbrella shade may extend outside the perimeter fence and the limit line.

Planters owned by the business owner/operator are permitted in the outdoor dining/event area at the discretion of the business owner/operator as long as they're within the limit line. If an outdoor dining/event area has a perimeter fence, planters are permitted outside the fence line if they are within the limit line. If a business owner/operator desires planters outside the perimeter fence or suspended from the outside edge of the perimeter fence, the fence shall be placed or configured so both the fence and the planters are within the limit line.

Awnings and canopies that are attached to the building and extend from the building face to the limit line may include an extension beyond the limit line if the extension is at least seven (7) feet in height from the walking surface. Extensions shall not exceed one-half (1/2) feet beyond the limit line.

Design Standards

✓ Fences

Each outdoor dining/event area where alcohol is served shall have a continuous fence around the perimeter except for one opening as required by Idaho State Code¹. Fences installed shall be of metal, and be black, antique brown or bronze in color. Fences shall be well-crafted and have a durable, professional finish. Prior to installing a fence, the

business owner/operator shall obtain approval from the City of Payette for the design, materials and construction specifications to be used for the fence.

Fences shall have sturdy support poles and bases that can withstand heavy jostling and bumping. The bases and fence layout shall be designed to create a stable enclosure without anchoring the fence to the ground. Attaching the fence to the ground is not allowed. Connections at corners shall be made so fence does not pull apart under normal use. Fences shall be a minimum of thirty-six (36) inches in height. Fences shall not create a continuous barrier more than four (4) feet in height. Fences shall be removable to accommodate events and change in seasons. Fences that run more or less parallel to the curb line shall be equidistant from the curb line with allowances for indentations at entrance points and for planters. Where no curb line exists, the fence should be equidistant from the building face. Fence placement shall not be slipshod. City of Payette may require a business owner/operator to adjust fence alignment to meet these standards.

Bases on support posts for fences may extend an additional one (1) foot outside the limit line if the base lies flat on the ground. Combining a fence with a support structure for an overhead awning or canopy is allowed if approved in writing by the City of Payette. Outdoor dining areas where alcohol is not served are not required to have a continuous fence, but must have fencing between all dining areas and adjacent parking stalls and the street. All furnishings other than umbrella shades and awning or canopy extensions shall be placed within the limit line.

✓ Sidewalks

A minimum of five (5) foot wide continuous pedestrian access along the public sidewalk free from all obstructions is required and must not create any pedestrian hazard.

✓ Umbrellas, awnings and canopies

Umbrellas, awnings and canopies shall be of cloth, and use colors that are in compliance with the Downtown Historic Guidelines and complementary to the aesthetics of the building it serves. Umbrellas and freestanding awnings or canopies shall be plain with no writing, graphics or advertising permitted. Umbrellas shall be securely anchored in stands. Awnings and canopies attached to the building may include the name of the business if this signage is approved by the City of Payette as an allowed tenant identification sign and the proper sign permits have been obtained. Awnings and canopies that are attached to the building and extend from the building face to the limit line as provided in the section of placement of furnishings.

✓ Planters

The design of planters owned by business owners/operators is at the discretion of the business owner/operator as long as they are placed within the limit line and are complimentary to the colors of the building exterior.

✓ Trash receptacles

Each outdoor dining area shall have a trash receptacle with a lid within the fence lines/limit lines.

✓ Signage

Signage shall not be posted on fencing surrounding outdoor areas except for signs required by law or for small informational signs, such as; "No smoking on patio". Sign banners are not permitted. A-frame and T-frames signs shall be located within the outdoor area limit line for the outdoor area to which they belong or in the furnishing zone directly in front of the outdoor area. All signage shall comply with the City of Payette regulations.

✓ Decorative Lighting

Lighting on fencing is permitted if the intent is to add a festive, decorative element and not to attract attention. Lighting shall be white or clear in color and shall be understated. Flashing lights are not allowed. Light strands shall be kept in good repair and burned out bulbs shall be replaced.

✓ Accessibility

Location and number of tables, spacing of tables and access within the outdoor dining area must meet all Building Code and Americans with Disabilities Act requirements.

✓ Maintenance

Business owners/operators shall be responsible for maintaining fences and furnishings in such a manner that these improvements present a high quality image. Any fences or furnishings showing signs of wear, damage or failure shall be promptly refurbished, repaired and/or replaced.

¹The State of Idaho Alcohol Commission requires that outdoor dining areas where alcohol is served must be separated from pedestrian areas by a continuous enclosure except for one entry point. Such outdoor dining areas must also be immediately adjacent to the establishment serving alcohol. Signage must be posted that alcohol cannot be taken off-premises.
