**MINUTES
PAYETTE CITY COUNCIL
Work Session, Public Hearing and Regular Meeting
November 4, 2013**

6:00 PM – Work Session

Proposal for developing bike terrain trails from the Parks and Recreation Committee

Cassandra McElravy, Payette resident, stood in for Kim Bruce of the Parks and Recreation Committee. She presented 3 locations for bike terrain trails in Payette; Jake Sherer Park, vacant land by Westside Elementary and the Brick Yard property. The trail dirt would be donated by contractors and there wouldn't be any financial burden for the City. The work session ended at 6:20 PM.

6:30 PM – Public Hearing

An application by RCG, Inc., PO Box 220, New Plymouth, ID 83655 for a final plat for Sunset Rim Subdivision. Property is located at 2292 7th Avenue North. The property is zoned B-Residential.

Bob Goodwin, 5387 Cassia Road, New Plymouth, owner and developer addressed the Council. He has submitted the final plat and construction drawings for the development. The development agreement is being worked on and he mentioned the smell at 7th Avenue North and Iowa Avenue because there will eventually be 32 homes at that location.

Clerk Cordova made comments on the behalf of Ken & Rhonda Johnson, abutting property owners to the west. They wanted their concerns about drainage from the proposed subdivision to be noted. Their property is below the subdivision area and water tends to drain to their property.

There was an on-site drainage discussion following and the Council heard from Street Superintendent Jamie Couch. He commented on the maintenance and upkeep of drainage ponds in subdivisions which don't belong to the City. If there are issues such as drainage, then the water backs up to the street and becomes our issue.

There being no further comments, the public hearing adjourned at 6:58 PM.

Re: FY 14 Airport Aid Program Grant Offer for the Payette Airport

BACKGROUND & JUSTIFICATION:

The City has submitted an application for assistance through the ITD Division of Aeronautics Idaho Airport Aid Program to extend the runway. The expansion is included in the Airport Master Plan, and is a priority project recommended by the Payette Airport Commission.

The task is planned to extend Runway 31 by 500' to the southeast to provide a runway length of 3,500' and width of 50'. A longer runway will enhance safety margins for pilots and will accommodate a wider variety of aircraft at the airport. Construction includes extensive earth moving and hauling in of substantial amounts of fill, and realignment of drainage through and around extension.

Surface prep and asphalt paving of the newly constructed runway extension is planned for the following fiscal year.

FISCAL IMPACT:

The Idaho Airport Aid Program offers the City of Payette a 75%-25% allocation and, the State has agreed to fund \$93,750, with the City obligated to pay at least \$31,250 for a project total of \$125,000.
